

## CHOOSE THE BEST

No matter who uses it.

Create and cover anything imaginable...

### ALWAYS GREEN / HIGH-AESTHETIC RESULT

Upgrading of outdoor living space with year-round green grass.

### QUICK TO INSTALL / PRACTICAL

Artificial grass can be installed by professional trained installers, and ready for you to use immediately afterwards.

### DURABLE / RESILIENT / ECO

Our grass is 100% green by all means. It will keep its colour many years for you to enjoy and it is also perfectly recyclable. Resistant to UV radiation and heavy use. Free of fertilisers and pesticides.

### ZERO MAINTENANCE / COST-EFFICIENCY

No need to weed, mow or water. Enjoy a green garden without having to work for it. You only need to remove dirt, such as leaves, and brush it often. The ideal amount of maintenance, so you can spend more years in your garden relaxing.

### SUITABLE FOR PETS

Great resistance and easy cleaning.

### SUITABLE FOR CHILDREN

Soft, hypoallergenic and antibacterial composition.

...all you have to do is simply enjoy it.
